Re: WT Docket No. 17-200
***Ex Parte* Presentation**

Dear Ms. Dortch:

On March 5, 2019, Chris Guttman-McCabe of CGM Advisors, consultant to pdvWireless, Inc. (“PDV”), had separate telephone conversations with Umair Javed, Legal Advisor, Wireless and International to Commissioner Rosenworcel, and William Davenport, Senior Legal Advisor to Commissioner Starks. On March 6, Mr. Guttman-McCabe had separate conversations with Rachael Bender, Wireless and International Advisor to Chairman Pai, and Will Adams, Legal Advisor to Commissioner Carr. And, on March 7, 2019, Mr. Guttman-McCabe had a telephone conversation with Erin McGrath, Legal Advisor, Wireless, Public Safety and International to Commissioner O’Rielly. Mr. Guttman-McCabe thanked the Commission for its work on the 900 MHz NPRM, stating that there are a significant number of elements of the NPRM that will help transition the band to broadband, and suggested that there may be a way to address concerns of licensees of some of the more complicated systems while still ensuring that the band can be converted to broadband through an evolution from voluntary to mandatory retuning.

This letter is being filed electronically, in accordance with Section 1.1206(b) of the Commission’s Rules, 47 C.F.R. § 1.1206(b), for inclusion in the record in these proceedings.

Kindly refer any questions or correspondence regarding this matter to the undersigned.

Very truly yours,

Elizabeth R. Sachs
Counsel, pdvWireless, Inc.
